

**CULTURALLY
RESPONSIVE
SCHOOLING**
AN ARC DISCOVERY PROJECT

Workshop 3.1 & 3.2

The teacher-researchers will be enacting their CRP action research during Term 3. There are no formal powerpoints provided for this term. The workshops are an opportunity to:

- Share frustrations and successes.
- Share any insights that are arising.
- Collectively problem solve and swop ideas.
- You may like to re-visit readings from previous workshops that sparked interest, and to consider some of these ideas in relation to your unfolding action research.

A possible outline for the workshops could be:

- Each teacher has 5 minutes to share their progress, data collection, observations, insights and challenges so far; followed by 3 minutes for responses/suggestions from colleagues.
- Discuss/revisit a reading and how it speaks to your work so far.
